

Kenswed secondary school

Curriculum

The core curriculum for all students starting at Kenswed Secondary school comprises:

- English
- Kiswahili
- Mathematics

Plus three sciences:

- Biology
- Chemistry
- Physics

Plus the humanities:

- Geography
- History
- Christian religious education

Practical subjects

- Agriculture
- Computer studies

Applied subjects

- Business studies

Choices for Seniors.

After two years, students become seniors and are able to drop four subjects. They then have two options:

Double Sciences students

- Study the three core subjects; (English, Kiswahili and Mathematics)
- + Chemistry and one of the two remaining sciences
- + one of the humanities
- + one practical or applied subject

Triple science students

- Study the three core subjects; (English, Kiswahili and Mathematics)
- + all three sciences
- + one of the humanities
- + one practical or applied subject
